[8/9/21, 3:19:25 PM] Anna Geinwald Medcare CEO: Hi danny

[8/9/21, 3:19:36 PM] Danny Lee China Man: Hi,Anna.

[8/9/21, 3:20:02 PM] Anna Geinwald Medcare CEO: I will explain what we spoke on the phone .

[8/9/21, 3:20:09 PM] Danny Lee China Man: I will call Thomas and Brad now, Let's make a call here.OK?

[8/9/21, 3:20:22 PM] Anna Geinwald Medcare CEO: Yes it's fine

[8/9/21, 3:22:27 PM] Danny Lee China Man: please also Add Yosi

[8/9/21, 3:32:12 PM] Anna Geinwald Medcare CEO: 1. There is no way to produce a usable glove only from Nitrile material .

2. Medcare is not blended glove. It has its own formula . A blend glove is made only of two materials and the main one is usually PVC the second one is PU most of the time since PU has very similar filling of Nitrile .

3. The ASTM and in General medical grade there is no minimum requirement if the percentage of Nitrile , a good Medical glove can also not contain at all Nitrile and be produced from CR or latex.

4. The requirements for medical grade gloves are based on Freedom of holes, Elastisity, thickness , breaking point wich is based on AQL 1.5 for major . For Chemotherapy grade is the resistance to diffrent chemicals .

6. Medical gloves can be produce from diffrent materials - it's not has to be Nitrile only.

[8/9/21, 3:32:36 PM] Anna Geinwald Medcare CEO: Simple explanation from a website.

[8/9/21, 3:33:49 PM] Danny Lee China Man: What is nitrile gloves? Nitrile gloves are gloves made of synthetic material nitrile rubber (NBR). So this NBR nitrile examination gloves is nitrile gloves, Right ?

[8/9/21, 3:38:28 PM] Danny Lee China Man: Hi,Anna. Maybe Thomas and Brad are busy now.

[8/9/21, 3:58:55 PM] Anna Geinwald Medcare CEO: NBR is the short name of Nitrile Butadiene Rubber

[8/10/21, 8:22:53 AM] Anna Geinwald Medcare CEO: Just for information have finish testing and sampling and we are adding one color to our Nitra Force - pink color for Cosmetics and beauty saloons .

[8/17/21, 9:28:54 PM] Bradley: Anna, Chaim Fischer from Sterling bought gloves from you? They reached out to sell us MedCare gloves.

[8/17/21, 10:32:45 PM] Bradley: Below is from Leah:

"Sorry just spoke to Chaim and he said Although Stuhrling paid for them - She might recognize Alex form Soho time better"

[8/18/21, 1:28:19 AM] Anna Geinwald Medcare CEO: Soho yes - they have NBR gloves .

[8/18/21, 1:28:58 AM] Anna Geinwald Medcare CEO: Fisher has protection gloves

[8/18/21, 1:29:03 AM] Bradley: Ok. We aren't going to buy from them.

[8/18/21, 1:30:31 AM] Bradley: They appear to have a large amount. 420,000 boxes in NY and 900,000 in LA.

[8/18/21, 1:31:21 AM] Bradley: We will only deal with you direct.

[8/18/21, 1:36:01 AM] Bradley: They called me out of the blue, not sure how they got my contact information

[8/18/21, 1:42:34 AM] Anna Geinwald Medcare CEO: Haim Lea are the same group of Kitchen winner , Alex it's a company name SoHO

[8/18/21, 1:55:08 AM] Bradley: Unreal. They had someone else call me. Will never deal with Kitchen Winners

[8/18/21, 2:21:29 AM] Danny Lee China Man: Hi,Anna. Thomas is busy now,He need 15 minutes.

[8/23/21, 4:34:55 PM] TK: Hello,

Can we have a call tomorrow your morning or now to discuss the testing?

[8/23/21, 4:39:29 PM] Yosi Engineer Medicare: Hi @19179754000 can we have a call tomorrow morning 9:30am China time

[8/23/21, 5:10:59 PM] TK: Sounds good

[8/24/21, 2:09:05 AM] Yosi Engineer Medicare: Good morning /evening we will call in 20min

[8/25/21, 11:21:09 PM] Bradley: ASTM 6319 C50782052.pdf • 9 pages <attached: 00000061-ASTM 6319 C50782052.pdf>

[8/25/21, 11:23:49 PM] Bradley: Hello Anna and Yosi! Got the samples. Thank you!

The report above is for ASTM D6319. Does ASTM certify these reports or just set the standards?

Do you have the report for the other box styles (protection, NBR)?

[8/25/21, 11:25:51 PM] Bradley: Also, the quality of the samples was great. Is it possible to start putting some containers on the water to start replacing gloves?

The goal is to tell our client they are already on way.

[8/31/21, 3:15:01 AM] Bradley: Hello Yosi and Anna. How are you guys doing?

Have any of the testing recertifications come back on the lots we received? and/or the ASTM D6319 tests? Would like to get these into our clients hands.

As always, we appreciate all of your help and kindness.

[8/31/21, 6:00:40 AM] Yosi Engineer Medicare: Hi we will have it ready by Monday September 6th

[8/31/21, 6:27:40 PM] TK: Hello,

We really need to put together a strong delivery schedule for the replacement of the bad quality gloves.

The faster the replacement schedule, the better the hospitals will feel about Medicare backing their products.

If the replacement seems to be very slow, this will appear Medicare is not a large enough company to handle their volume and possible future warranty issues.

We sold these hospitals many products and we outbid companies much much larger then us, however this replacement needs to be handled without them calling us every week for updates.

My word is my bond and I am taking you word as the same. Please help us, help the hospitals as quickly as possible.

[9/1/21, 8:36:14 PM] TK: We just got this email now. We have a video call with the hospital group on Wednesday.

[9/1/21, 8:36:20 PM] TK: <attached: 00000068-PHOTO-2021-09-01-20-36-19.jpg>
[9/1/21, 8:37:12 PM] TK: We need to be moving quicker with responding and with replacing the protection gloves.
[9/1/21, 9:05:03 PM] TK: We need to make a couple of changes to the letter you sent. We can discuss when you are ready.

Also you said these gloves are passing the ASTM 6319 test.

[9/2/21, 1:25:09 AM] Anna Geinwald Medcare CEO: Yes
[9/2/21, 1:26:17 AM] Anna Geinwald Medcare CEO: I am at the factory , and today we will send the shipment plan for the replacement . Let me know what you need to change in the letter, I am available if you need .

[9/3/21, 2:09:36 PM] Yosi Engineer Medcare: @12488916060 @19179754000 Hi please find the ASTM report
[9/3/21, 2:10:12 PM] Bradley: Great. Do you have the report for the Protection Gloves?
[9/3/21, 2:10:28 PM] Yosi Engineer Medcare: It's for both
[9/3/21, 2:11:55 PM] Bradley: There isn't an image of the protection glove box
[9/3/21, 2:12:09 PM] Bradley: This will cause a problem for our client.
[9/3/21, 2:13:10 PM] Bradley: Is it possible to get the test for both boxes?
[9/3/21, 2:27:58 PM] Anna Geinwald Medcare CEO: We will get the second ASTM for protection in two days, it can not be in one report . But we tested both by SGS and it's combine with USA.
[9/3/21, 2:31:14 PM] Bradley: Great!
[9/3/21, 2:31:37 PM] Bradley: We have meeting on Tuesday next week with the client
[9/7/21, 4:33:31 PM] Bradley: Hello Anna and Yosi, we are trying to solve the problem with our client regarding some glove quality issues, while getting them to commit to a longer term purchase of MedCare Gloves. We would like to have a video call with Rock Fintek, our client, and both of you to discuss the MedCare nitrile gloves formula and quality (chemical tested, ASTM d6319, etc).

Besides the quality, the client wants assurances of correct sizes in boxes. Lastly, they have reviewed the samples and have stated these are 2 different types of gloves. They want to understand the differences and be assured the current gloves in their possession meet the standards for hospital examination usage.

We feel the video call will be very productive!

[9/7/21, 4:47:00 PM] Bradley: Also, our client is asking when is the first container arriving of the new formula gloves? Please let us know so we can discuss on our meeting with them tomorrow.
[9/7/21, 5:50:30 PM] Bradley: Lastly, did the report ASTM d6319 arrive for the nitrile protection gloves?
[9/8/21, 3:27:35 AM] Anna Geinwald Medcare CEO: Hi, I am available today any time for the video call to explain all details and technical information.
[9/8/21, 3:27:58 AM] Anna Geinwald Medcare CEO: The protection box ASTM should arrive today or tomorrow maximum.
[9/8/21, 5:20:29 AM] Anna Geinwald Medcare CEO: We have a potential costumer that can buy 240,000 boxes protection, we can talk how to do it on our call .
[9/8/21, 5:44:47 AM] Anna Geinwald Medcare CEO: First container we got S/O for 23/9

ETA 10/10 .

[9/8/21, 12:41:34 PM] TK: I just called you both. I am available

[9/8/21, 12:42:47 PM] TK: I will also get you a non compete agreement and have you on a video call with our client.

[9/8/21, 12:43:04 PM] TK: This would be amazing

[9/8/21, 1:28:39 PM] Anna Geinwald Medcare CEO: I am online , just let me know when

[9/8/21, 2:50:28 PM] TK: I tried calling. Let me know a good time.

[9/8/21, 3:24:58 PM] Anna Geinwald Medcare CEO: I am available I did not had a miss call

[9/8/21, 3:25:19 PM] TK: I called twice

[9/8/21, 3:25:28 PM] TK: Can me when you are free 🙏

[9/8/21, 3:25:42 PM] Anna Geinwald Medcare CEO: In 10 minutes I can call

[9/8/21, 3:26:07 PM] TK: Anytime in the next 2 hours is good for me.

[9/8/21, 3:26:20 PM] TK: Just want to speak before I speak to the hospitals

[9/8/21, 4:11:10 PM] Anna Geinwald Medcare CEO: Trying to call

[9/9/21, 12:37:19 AM] TK: Anna we had the call today.

The client pulled up your test and said the test was for the box we just sent them as a sample. That made us look bad...

[9/9/21, 3:00:25 AM] Anna Geinwald Medcare CEO: We have tests for all boxes I sent you before 1. ASTM old now , ASTM new gloves, today ASTM for protection will be sent . I will resend you again all the tests

[9/9/21, 3:48:29 AM] Anna Geinwald Medcare CEO: ASTM is base on the product It's done one time for each product .

[9/9/21, 3:48:42 AM] Anna Geinwald Medcare CEO: I am sending by Email the ASTMs

[9/9/21, 3:50:41 AM] TK: We are going to need you and your team to explain all this to them next week.

We made a video call for 10:00am next Thursday.

[9/9/21, 3:52:43 AM] Anna Geinwald Medcare CEO: Ok , I will have David head of engineering , yosi and me on the call.

[9/9/21, 3:54:22 AM] TK: Ok good.

[9/10/21, 4:23:51 PM] Bradley: Hello Yosi and Anna, please send the 510k document for the MedCare Gloves. Buyer needs

[9/10/21, 6:16:13 PM] Bradley: Medcare (5).pdf • 13 pages <attached: 00000110-Medcare (5).pdf>

[9/10/21, 6:17:59 PM] Bradley: This document has the precertification for 510k. Is there a final document?

[9/11/21, 6:04:17 PM] Anna Geinwald Medcare CEO: I will send first thing tomorrow morning

[9/11/21, 6:11:10 PM] TK: Great

[9/13/21, 7:49:37 AM] Anna Geinwald Medcare CEO: Your security code with Anna Geinwald Medcare CEO changed. Tap to learn more.

[9/14/21, 5:45:30 PM] Bradley: Is this the 510k submission document? It does not reference 510k? Furthermore, is the process of obtaining 510k approval still ongoing? It was Rock Fintek's assumption the 510k exists from communication with Kitchen Winners, etc.

The buyer is requesting the 510k documentation. Do we provide them this?

[9/14/21, 6:01:26 PM] Bradley: Also, we have not received to ASTM D6319 testing for the protection gloves in our clients possession. We need this report ASAP.

[9/14/21, 6:02:18 PM] Bradley: A report needs to reference the current lot numbers in our clients possession.
 [9/15/21, 11:55:09 AM] Anna Geinwald Medicare CEO: Hi, do we have a call today ?
 [9/15/21, 11:55:22 AM] Anna Geinwald Medicare CEO: I will arrive soon and send reports
 [9/15/21, 12:11:52 PM] Bradley: Call is tomorrow at 10am eastern time
 [9/15/21, 1:40:49 PM] TK: Let's have a call in 1 hour to discuss tomorrow's call?
 [9/15/21, 2:18:42 PM] Anna Geinwald Medicare CEO: Ok

[9/17/21, 2:06:59 PM] TK: Are these the new ones?

[9/17/21, 7:19:55 PM] Anna Geinwald Medcare CEO: No, it's the same ones you sent the pictures .

[9/17/21, 10:31:49 PM] TK: We are going to mail you some cartons. They are not the same.

[9/18/21, 6:21:12 AM] Anna Geinwald Medcare CEO: Ok , that's good . Since we can compare to the production and understand what happened there.

[9/18/21, 12:01:46 PM] Anna Geinwald Medcare CEO: Hi Thomas I will be with the buyer at 22:00 , is it OK to call. They want to move forward.

[9/18/21, 2:10:48 PM] TK: Hi Anna,

I am at conference, I can try and walk out at that time.

[9/18/21, 2:11:42 PM] Anna Geinwald Medcare CEO: Do you prefer tomorrow my morning? Your evening?

[9/18/21, 2:14:06 PM] TK: In 45 minutes or my evening also. Whatever you prefer.

[9/21/21, 12:48:07 AM] Bradley: Yosi, I am sending you some gloves to inspect. Need your address

[9/22/21, 9:46:26 AM] Bradley: Looks good. Is there a place for 510k on the box?

[9/22/21, 9:54:22 AM] Anna Geinwald Medcare CEO: It's base on the confirmed design from FDA, Satra we can nit add or change

[9/22/21, 9:54:33 AM] Anna Geinwald Medcare CEO: Only color

[9/22/21, 9:59:28 AM] Bradley: Ok. Looks good.

[9/22/21, 9:59:50 AM] Bradley: We will show client today and confirm.

[9/22/21, 9:59:56 AM] Bradley: Thank you 🙏

[9/22/21, 1:39:41 PM] TK: Does this color look to similar to the existing colors?

[9/22/21, 2:15:49 PM] Anna Geinwald Medcare CEO: No, it's more dark

[9/30/21, 2:01:56 AM] TK: Any news on from Eli buying the gloves ?

[9/30/21, 2:30:37 AM] Yosi Engineer Medcare: We need your lawyer contact so the can contact him for the payment

[9/30/21, 2:31:07 AM] Yosi Engineer Medcare: CAn you please send me all the contact so we can move forward

[9/30/21, 2:43:31 AM] TK: Ok so they want to move forward?

[9/30/21, 9:39:17 PM] Anna Geinwald Medcare CEO: Yes they want to move forward

[9/30/21, 9:51:21 PM] Bradley: Ok. Also, is the 1 container of the bee gloves on the water?

[10/1/21, 12:13:50 AM] Bradley: New gloves

[10/1/21, 12:56:57 AM] Anna Geinwald Medcare CEO: The boat was delay to arrive china and today supposed to sail . We will send the bill of landing when we get in next two days.

[10/1/21, 3:15:42 AM] TK: Thank you

[10/1/21, 8:29:45 AM] Bradley: Thank you Anna!

[10/5/21, 2:09:43 AM] Anna Geinwald Medcare CEO: Hi Thomas, can we have a call ?

[10/5/21, 2:10:47 AM] Anna Geinwald Medcare CEO: The guys in USA wants to move forward with the products but they waiting for you .

[10/5/21, 3:11:29 AM] TK: Hi Anna

[10/5/21, 3:13:29 AM] TK: The guys want us to fly around to all the states with all the gloves and make videos for them.

These are highly restricted facilities and you saw the people at the hospital, it's something they are going to say ok make videos to show proof.

[10/5/21, 3:26:39 AM] Bradley: Anna, the gloves are available and accounted for in the warehouses. We can get this transaction done immediately if we didn't have to fly around to show them proof. If you can verify the gloves we purchased and availability of the gloves, we can move this faster. Can you call them and verify ?

[10/5/21, 3:30:35 AM] Anna Geinwald Medcare CEO: I am talking to them now about guarantee letter .

[10/5/21, 3:37:44 AM] Anna Geinwald Medcare CEO: Hi Thomas , they asked if can get one video with the code no need all wearhouses, and I will issue also gurantee letter .

[10/5/21, 3:38:24 AM] Bradley: Ok. I am in LA now, back Wednesday night. I can schedule in time on Thursday to do the video

[10/7/21, 5:47:07 PM] Yosi Engineer Medcare: Hi@12488916060 I sending now the video if you don't mind please wait there incase they need something else

[10/7/21, 5:57:57 PM] Yosi Engineer Medcare: Hi all seams ok thanks

[10/7/21, 6:02:47 PM] TK: We did the videos as best as we could.

[10/7/21, 6:03:04 PM] Yosi Engineer Medcare: I know thanks for the help

[10/11/21, 3:48:46 PM] Bradley: Hello Yosi, what is the status with the buyer?

[10/12/21, 2:52:23 AM] Anna Geinwald Medcare CEO: I am Checking now

[10/12/21, 3:21:40 AM] Bradley: I spoke to Kobi today, is this the buyer? He was inquiring about documents regarding whether the gloves are nitrile or a nitrile blend.

[10/12/21, 3:21:58 AM] Bradley: I advised him to connect with you.

[10/12/21, 7:26:48 AM] Anna Geinwald Medcare CEO: Kobi spoke with me

[10/14/21, 12:04:39 PM] Bradley: Hello Anna, is Kobi set to go? We need to engage our client and move this forward.

[10/14/21, 12:59:31 PM] Anna Geinwald Medcare CEO: Checking now , as he told me yes

[10/19/21, 3:46:52 PM] Bradley: Hello Anna,

I sent a message to Kobi, last I heard from him was the buyer was sending him an updated contract to purchase the gloves. Haven't heard anything from him since last Thursday

[10/19/21, 3:47:40 PM] Bradley: Also, when will the new formula container of nitrile gloves arrive? Seems they should be here very soon?

[10/19/21, 3:47:58 PM] Bradley: Our client is asking us

[10/19/21, 3:52:33 PM] Yosi Engineer Medcare: I just talk to his partner they will contact you soon. From what I understand the buyer was find positive for covid and his in the hospital there is the client partner that help to close the deal but his a bit slow.

[10/20/21, 4:30:48 PM] TK: Hello,

What is the status of the container that was shipped at the end of September?

[10/21/21, 12:30:22 PM] Bradley: Hello Anna and Yosi. Please let us know the arrival time of the container of new gloves? Our client is asking each day. My assumption is it should be here anyway now.

[10/21/21, 12:30:49 PM] Bradley: Any day now.

[10/21/21, 12:32:04 PM] Bradley: We need the BOL to show the client as well.

Thank you for your help.

[10/21/21, 12:50:24 PM] Anna Geinwald Medcare CEO: Hi, sorry for my late reply, I will send the documents first thing tomorrow morning.

[10/21/21, 12:50:54 PM] Anna Geinwald Medcare CEO: It will arrive USA by 13-11

[10/21/21, 1:06:29 PM] Bradley: Ok. Thank you.

Our client expected them by this week based on our last communication with them on September 30th confirmation of sailing.

[10/21/21, 1:14:04 PM] Bradley: Also, Kobi has sent me a message about another potential buyer. Not sure if the other buyer has fell though? Have you heard anything from him?

[10/21/21, 1:40:29 PM] Anna Geinwald Medcare CEO: No I did not spoke with him last days.

[10/21/21, 1:41:51 PM] Anna Geinwald Medcare CEO: It's should had arrived end of October but the boat was delayed , I have sent message in the group about it. Curt the boat arrived to china late , second the typhoon.

[10/21/21, 7:10:45 PM] TK: Thank you

[10/22/21, 4:56:16 PM] Bradley: Hello Anna. Please provide the BOL for the new formula gloves on the ship. We have a call with the client and they have requested this document to show our sincerity of helping correct the situation. Be mindful, we acknowledged the container was on the water September 30th. Critical we communicate with accuracy of our word.

[10/25/21, 5:07:46 PM] TK: Hi Guys,

We have a call at 4:30 our time with the hospitals. We are going to have to make up some excuse why we don't have a BOL and why the first container has not arrived...

Do you have an update?

[10/25/21, 10:28:13 PM] Bradley: Hello Anna And Yosi, please help us understand this report. Our client gave this to us today. We need your support to respond.

[10/26/21, 4:03:57 PM] Bradley: Hello Anna and Yosi, we need to schedule a call as soon as possible.

[10/26/21, 4:07:40 PM] Bradley: Also, please provide MedCare 510k documents, can't

seem to find them, and Kitchen Winners would not provide, even though they claimed.
[10/27/21, 4:33:21 AM] Bradley: Hello Anna and Yosi, please respond to the issues above. Our client provided testing results in the United States that the MedCare gloves do not pass ASTM D6319. We need Information from you backing up your claim the gloves would pass with no issues. Also, we never received the BOL for the new gloves?

Please communicate back with us as we have not heard from you.

[10/27/21, 1:41:47 PM] Bradley: Anna and Yosi, please respond. We need your help

[10/27/21, 1:43:27 PM] Anna Geinwald Medcare CEO: Hi Brad BOL will get tomorrow, I am with the forwarder in contact every day about it. Also tonight I have a call with the costumer in USA , he issued PO already

[10/27/21, 1:46:12 PM] Bradley: Thank you Anna

[10/27/21, 1:46:55 PM] Bradley: Also, please help us to explain the testing report our client received?

[10/27/21, 1:53:31 PM] Anna Geinwald Medcare CEO: I will talk to David tomorrow morning about it since I saw some pass and if tensile pass along still can not fail - but I need the engineering to explain

[10/27/21, 1:53:42 PM] Anna Geinwald Medcare CEO: <attached: 00000246-PHOTO-2021-10-27-13-53-42.jpg>

[10/27/21, 1:56:34 PM] Anna Geinwald Medcare CEO: Also the numbers - the highest tensile they say fail , So base on my understanding the pass or fail is not base on the teadts is base on AQL they gave to the inspection company .

[10/27/21, 1:58:44 PM] TK: We should find 1-2 testing companies in the US and send them the gloves to test with the proper D6319 requirements.

I don't see how the new gloves could fail.

[10/27/21, 2:00:52 PM] Anna Geinwald Medcare CEO: The company of the report and SGS are the best , but the correct way to test is not base on AQL also 510K do not test base on AQL but base on general requirement for elongation, weight and tensile.

[10/27/21, 2:01:07 PM] Anna Geinwald Medcare CEO: But tomorrow morning I will talk to engineering

[10/27/21, 2:08:03 PM] Bradley: Thank you Anna. 🙏

[10/27/21, 2:09:27 PM] Anna Geinwald Medcare CEO: No problem , no need thanks

[10/27/21, 2:09:42 PM] Anna Geinwald Medcare CEO: I will update after the call with the buyer

[10/29/21, 3:12:15 PM] Bradley: Hello Anna, when are you available to do a call with our client?

[10/29/21, 3:16:43 PM] Yosi Engineer Medcare: Hi @12488916060 I just try to call Anna but no answer. Can we arrange the call tomorrow ?

[10/29/21, 3:17:12 PM] Yosi Engineer Medcare: We can have the call 8pm China if is ok

[10/29/21, 3:17:39 PM] Bradley: Likely next week on Monday or Tuesday, will that work?

[10/29/21, 3:17:57 PM] Yosi Engineer Medcare: Yes that's should be ok

[10/29/21, 3:18:25 PM] Bradley: Would prefer in the morning our time, evening your time.?

[10/29/21, 3:18:29 PM] Yosi Engineer Medcare: Please send us meeting invitation

[10/29/21, 3:18:33 PM] Bradley: Ok

[10/29/21, 3:18:56 PM] Yosi Engineer Medcare: Both option are ok

[10/29/21, 3:19:07 PM] Bradley: Ok. Thank you 🙏

[10/29/21, 5:00:00 PM] TK: I am on a plane and can't speak now

[11/2/21, 5:06:56 PM] Bradley: Help Yosi and Anna. BOL ? Also, we need to discuss the test our client performed on the nitrile gloves. Please confirm your testing is accurate. Also, need the 510k document and resend all ASTM D6319 certificates. RF needs to get these over to our client.

Thank you again for all your help.

[11/2/21, 5:56:01 PM] TK: I don't understand, we just had you on a call with the largest healthcare group in the U.S. and they were happy with you and now we have to give them excuses.

People can't just reach this group and be considered as a vendor.

[11/3/21, 12:27:56 AM] Anna Geinwald Medcare CEO: It's not excuses , the both was delayed because of the typhoon, then there were stuck containers in the port , so it did not leave on time.

I am pushing the BOL - I hope today I will get it . I can send fir now draft BOL this we have.

[11/3/21, 3:12:32 AM] TK: We need to give them clear information so they do not become skeptical.

[11/3/21, 1:14:40 PM] TK: We might be able to have him extradited.

[11/3/21, 1:38:20 PM] Anna Geinwald Medcare CEO: I saw this , it's unbelievable. I am sending email with all information regarding the first replacement shipment.

[11/11/21, 2:17:11 AM] Yosi Engineer Medcare: Hi @12488916060 can we have a call now

[11/11/21, 3:45:45 PM] Anna Geinwald Medcare CEO: Hi Bradly - I close with Kobi in USA , they will pay 3.2 fir 250,000 boxes and 2.5 usd for 500,000 boxes . Please confirm since they need to close the contract today .

[11/11/21, 3:46:31 PM] Anna Geinwald Medcare CEO: Please try to confirm today .

[11/11/21, 6:02:29 PM] TK: Anna this doesn't work for us unless it includes all logistics.

And for you it's a foot in the door with the largest hospital network in America.

However, I also understand if it doesn't work for you and you want to pass on it. The hospital won't pay for these logistics cost and we cannot to either.

[11/12/21, 12:04:51 AM] Anna Geinwald Medcare CEO: I am sorry , but now I am confuse .

[11/12/21, 1:47:41 AM] Anna Geinwald Medcare CEO: 1. When you contacted us and explain about the situation we agreed to help .

2. We said we will ship samples to confirm the new formula - done.

3. We shipped one container fully on our expenses.

4. You asked me to find a client - you said you do not care about the money , just to replace fast the products - we did it.

5. You put us on the call with your costumer - and now with this attitude you make us look bad, even we are doing every thing to replace as fast as possible.

I do not understand what is your plan - you did not buy directly from us , we are willing to loose money to help but you are now looking only on your side of costs/profits.

To be clear we are not the ones to blame for the mess and mixed products you have received- since you never bought directly from us.

We are willing to help and move fast , But we will not be the only one that loose money, you should care exactly as we care about your end costumer.

This is my opinion.

[11/12/21, 2:26:20 AM] TK: Hi Anna I hope this clarifies your message. And I have no negative feelings towards you, maybe messages come across with the wrong tone.

The hospital is keeping \$2 million of our money, now lost.

We introduced you and spoke very highly of you to the largest hospital group in the U.S.

They also told you themselves that they go through about 1 billion gloves a year and would entertain letting you bid that contract.

The situation and mess we got ourselves into was caused my Adorama.

This situation caused a new opportunity for you to take or to pass on.

This is a business for you to decide if it's feasible or not. Rye hospital will not spend anymore money on any logistics out of principal.

As an alternative option we hope we will sell the gloves ourselves for a minimum of \$3.65, which will give us some funds to pay for new gloves of a brand they already have and pay for all shipping and trucking costs.

In regards to the free container, it has not showed up or has a BOL for us to give them.

[11/12/21, 2:36:06 AM] Anna Geinwald Medcare CEO: Hi Thomas , I completely understand . We are not such a big company as others , so with out to cover part of the cost I really can not replace all on our full expenses , I said that from the beginning.

Regarding the container I sent email with all details , I will resend it .

[11/12/21, 2:38:02 AM] TK: I understand you are not a huge company, I f you can get a buyer at a higher price then we can make it work with you.

We are trying to find buyers on our own, without the \$1.65 in commissions the deal would work easily.

[11/16/21, 3:22:53 PM] You: You started a call

[11/17/21, 11:36:42 AM] Anna Geinwald Medcare CEO: Hi Thomas , attached is the gurantee letter for gloves replacement

[12/8/21, 9:16:15 AM] Bradley: Hello Anna. Do you have any other opportunities to sell the gloves? Kobi has not confirmed a buyer. Our client is putting pressure on us to move the gloves out of their warehouses. Also, I'm inquiring about the container of the new formula glove? We promised them delivery a few months ago. After all the delays, last we spoke that container would be in the United States end of November. Do you have an update so I can report back to our client?

We have to move and replace these gloves ASAP. We are under Tremendous pressure.

Thank you, 🙏

[12/8/21, 9:47:45 AM] Bradley: Anna, please provide the BOL, I checked emails and these messages and can't find it. Thank you,

[12/8/21, 1:05:36 PM] Bradley: Hell Anna, are you there??

[12/8/21, 1:11:19 PM] Anna Geinwald Medcare CEO: Hi , I am here now

[12/8/21, 1:12:06 PM] Anna Geinwald Medcare CEO: I will call Kobi to see where it's stands . BOL sent Ling time ago by Email , I will resend first thing tomorrow morning since I am out.

[12/8/21, 1:12:49 PM] Bradley: Ok. Did not see the BOL, please resend. Also, is the container here?

[4/8/22, 3:06:50 PM] Bradley: <attached: 00000448-VIDEO-2022-04-08-15-06-50.mp4>

[4/8/22, 3:16:50 PM] Bradley: Hello Anna and Yosi, we have sent out multiple samples in an attempt to try to sell the 1.88m boxes of MedCare gloves. Video above is from one opportunity, obviously they are decking to purchase.

Furthermore,

Our client has hired a law firm to investigate, and we have a global meeting with them on April 20th. This meeting will provide direction if this will be a U.S.

Government probe into the quality of the gloves and material nitrile content. The

gloves we received have tested negative for nitrile content, against the claim by MedCare nitrile was used to manufacture the gloves. The boxes clearly display "nitrile" and the formula on all documents we received claim the gloves are nitrile.

This is a big concern going into this meeting as the evidence is becoming overwhelming that MedCare sold fake nitrile gloves to Rock Fintek, knowing these gloves were for non profit hospitals in the United States. These concerns are severe and we need a plan from MedCare on how to replace the gloves beyond the 1 million boxes you have agreed to replace. We need support from you immediately to solve this issue.

My ask is MedCare immediately starts a continuous replacement of the 1.88 million boxes our client still has in their possession to avoid further pursuit by the U.S. Government and our client.

When are you available to discuss the replacement?

[4/8/22, 3:35:48 PM] Yosi Engineer Medcare: I will pass the message to Anna and we will talk

[4/15/22, 12:35:06 AM] Bradley: scan@keystonerelay.com_20220414_171019.pdf • 1 page <attached: 00000451-scan@keystonerelay.com_20220414_171019.pdf>

[4/15/22, 12:36:51 AM] Bradley: Anna and Yosi, attached is the testing draft of the "new formula" gloves sent to us. We will have full report on Monday next week.

What is the nitrile content minimum for ASTM D6319 gloves?

[4/15/22, 12:37:38 AM] Bradley: Report references ASTM D3677 and E1252? What are those standards?

[4/15/22, 12:39:14 AM] Bradley: We have global meeting next week Wednesday morning. Our client is bringing 3 different attorneys to the meeting. We need your help to explain your formula for the gloves and how they comply with the standards.

[4/19/22, 8:27:31 PM] Bradley: 164005-ROCK FINTEK-4-19-22.pdf • 8 pages document omitted

[4/19/22, 8:28:11 PM] Bradley: Anna and Yosi, please review the attached and provide comments on nitrile content

[4/20/22, 8:28:08 AM] Anna Geinwald Medcare CEO: There is no one graph in the table that do not has a spike between 2000-2500 - all gloves has nitrile in them.

[4/20/22, 12:31:57 PM] Bradley: Is the nitrile content in the medcare glove meet the standard for ASTM D6319 nitrile gloves ?

[4/20/22, 12:32:20 PM] Bradley: We have our meeting in the next few hours with our buyer.

[4/20/22, 12:40:03 PM] Bradley: They are being represented by 3 different attorneys and law firms. All of them will be at the meeting. They are not accepting any of the medcare gloves and want all removed immediately, as they have deemed them to have failed all testing requirements. Their claim is the MedCare box states false information regarding nitrile content, the tensile strength is insufficient, and the flexibility and stretching of the glove breaks immediately. The documents produced by MedCare do not meet the standards represented by MedCare.

We need a plan to replace all gloves. Medcare needs to step up as the provider of the gloves to remedy the issues. Will you pay for all gloves to be replaced?

[4/20/22, 1:16:34 PM] TK: We need to have a response to them for this

[4/20/22, 1:35:19 PM] Anna Geinwald Medcare CEO: ASTM D619 is a standard for elongation before and after aging the minimum is 400 before aging and 300 after aging - nothing to do with medical level, the force depends on the raw material, since medcare has its own formula we tested based on Nitrile material since the gloves can pass this standard. On the box we wrote NBR nitrile which is different than liquid nitrile. We were and are very cooperative, but really you are trying to shift the blame on us when you never contacted us before you had issues. You bought gloves from a broker who bought from another broker and so on I do not know how many times, you received products which we did not ship to you since we never had your direct contact or requirements, and now you want us to pay for everything, do you think it's reasonable? We agreed to replace some in order to help but this is not OK. How do I even know that everything you got is original medcare and not fake? You sent me many fake documents which do not belong or represent medcare. We can not pay for all gloves replaced - we can help to replace what we agreed.

[4/20/22, 6:13:44 PM] Anna Geinwald Medcare CEO: Medcare focused on high resistance to chemicals, EN374-5, EN 455-1/2/4, EN 374-3 and chemotherapy it's all in the original documents

[5/3/22, 1:32:19 PM] Bradley: Ana, we need a plan from you to avoid a huge mess with our client and the United States. The gloves test for Zero nitrile. This is a huge problem and not what we purchased. Boxes claim to be nitrile. Also, the gloves fail elongation testing as well, therefore not ASTM D6319.

It is clear the gloves are not to standard of other nitrile gloves. Our client has endless resources to deal with the gloves they purchased as they refer to as "fake nitrile".

Please present a plan to replace all gloves. This is needed to avoid grief.

[5/3/22, 1:39:09 PM] Bradley: We need action and a plan from you, this is the critical point in negotiations and our client has 3 attorneys pressuring full replacement. We paid \$11.50 for the gloves. MedCare made a fortune on this transaction, and that money needs to be used to avoid litigation and fraud charges by our government. I respect your willingness to work with us, and appreciate the transparency. At this point the facts are the gloves are Not nitrile as sold, and they fail all testing.

Rock Fintek does not want to be in the news for any of this. We purchased these gloves on false information provided by MedCare and Your partner Kitchen Winners. Both of you made a large amount of money and left Rock Fintek in this mess.

The right thing needs to be done at this point, spend some of the money you made to fix the problem caused by providing gloves with zero nitrile in them.

We are desperate need for you to step up here to avoid further litigation

[5/12/22, 8:25:34 PM] Anna Geinwald Medcare CEO: Hi Brad I just saw this long message, I Am sorry with no VPN I don't see messages. I am really mad! Med care never gave you false information and even pointed information that is not correct that you sent us, Medcare never sold you gloves with 11.5 usd per box so I don't know how you getting this number since you never order directly from us. Medcare agree to help you and always answer and cooperate. And a medcare was always fair and

honest - so you can assume medcare mad a fortune, but there is also reality and facts. Wich are diffrent than your thoughts.

I will send an email tomorrow, with Medcare respond and plan . But I am sorry this is not our fault and we will not take the blame because we are honest and answers you at the beginning, even you never orded even not one box from us.

[5/15/22, 8:29:12 PM] Bradley: Anna, all but ONE lot of the gloves test for Nitrile. We have tested 14 lots, and our client has tested numerous more. The ONE lot that tested for nitrile, had very small amount and not to standard to be considered a nitrile glove.

The fact is the gloves are not what they say on the box or claim to be. They break when doctors and nurses put them on their hands. Basically, they are a poly vinyl glove, which is much less expensive to produce. Furthermore, to write on a box NBR Nitrile Gloves and claim the gloves are nitrile examination gloves was fraudulent.

So at this point we are in a mess with the buyer (second largest in the United States). They have 4 attorneys from various power law firms demanding immediate replacement. The are threatening further action with the United States Attorney.

We need a plan of action to replace all the gloves. We did not receive an email from you outlaying a plan.

Both Thomas and I are devastated by these events. We purchased gloves in good faith and what they claimed to be on the box. We overpaid as well!

This needs to be corrected as Rock Fintek and our client are the victims.
[6/14/22, 12:37:30 PM] Bradley: Hello Anna,

We have tremendous pressure from all sides right now. Please provide your plan to replace gloves with "authentic nitrile gloves"? Several weeks ago you said we would receive an email detailing the replacement.

The gloves have tested for "no nitrile content". They are eluding Fraud by MadCare and will make this a mess for all parties. To avoid this replacement of the gloves is mandatory.

This is the right thing to do based on the product we bought from your company MedCare.

We appreciate your help, and we know your company has made a fortune off sales of these gloves. Now gloves are inexpensive to produce and/or purchase. They only way to avoid litigation and a Fraud investigation from United States is to replace.

Please help repair this mess caused by the poor performance of the MedCare gloves.

Need help.

[8/2/22, 3:03:37 AM] Bradley: Hello Anna,

Please review the letter above. We have started litigation against Kitchen Winners. This is correspondence they claim came from you.

We have never seen this document until now, please verify the authenticity for us. Is this from you?

Also, we would like to have you as an advocate during this legal matter with kitchen winners. They used very deceitful and fraudulent practices against Rock Fintek. Criminal behavior and overall just bad people.

[8/2/22, 3:03:48 AM] Bradley: Thank you 🙏

[8/2/22, 10:18:15 AM] TK: Anna they are trying to make you look like the fraud, this document seems fraudulent and does not seem like yours.

[8/2/22, 10:29:15 AM] Anna Geinwald Medicare CEO: Hi Thomas , I did not got any document can you send it to me ?

[8/2/22, 10:52:51 AM] Anna Geinwald Medicare CEO: This letter was correct and issued not to kitchen winner but to another costumer wich we never got any complain , and only for me lot that he received , base on the pictures you sent me you do not have this lot number in your stock.

[8/2/22, 11:01:37 AM] Bradley: Is this referenced somewhere about only 1 lot? Do you have correspondence backing this up?

They are trying to use this letter representing all lots are the same.

[8/2/22, 11:05:45 AM] Anna Geinwald Medicare CEO: I have emails with the other costumer , I will forward to you first thing tomorrow morning .

[8/2/22, 11:06:11 AM] Anna Geinwald Medicare CEO: But this has nothing to do with kitchen winner it's a complete diffrent costumer .

[8/2/22, 11:08:11 AM] TK: Maybe they will claim they bought them from the other customer and sold them to us?

Can you show that's not true?

[8/2/22, 11:09:36 AM] Anna Geinwald Medicare CEO: I can not show if they bought from some one else I can show every thing they bought from us only , and if we sold to another costumer what we sold - quantity and lot number.

[8/2/22, 11:54:50 AM] TK: How about a paper saying that our lot numbers that we gave you are different formulas and not the same like this letter is saying.

Even more specific saying that letter was only for a specific lot as mentioned.

[8/2/22, 3:01:21 PM] Anna Geinwald Medicare CEO: This I can do

[8/24/22, 4:33:16 PM] TK: Hi Anna,

Do you have this ready you can send to us?

[10/15/22, 12:00:06 PM] Bradley: Anna, sent request on your private WhatsApp. We

need specs for the Protection Gloves. Urgently

[10/15/22, 1:27:38 PM] TK: Please

[10/17/22, 3:22:46 PM] Bradley: Hello Anna, please send the documents. Urgent

I work around the clock trying to move these gloves. At this point it's looking like donation.

[10/17/22, 3:22:54 PM] Bradley: Urgent

[10/19/22, 2:56:44 PM] Bradley: Hello Anna, need documents immediately. You gave us your word this would be sent.

Not sending this is blowing opportunity we have to dispose of the gloves

[10/19/22, 5:20:43 PM] TK: Hello Anna?

[10/19/22, 9:35:33 PM] Bradley: Hello Anna, still have not received the documents. URGENT.

[10/19/22, 10:00:45 PM] TK: Anna we have a potential buyer and this can help us sell them now and recover some funds.

[10/20/22, 11:08:49 AM] Bradley: Hello Anna, still waiting on the documentation for the Protection Gloves.

This is beyond urgent

[10/20/22, 11:09:45 AM] Bradley: Please send. This delay is causing us to lose the opportunity to move the gloves.

[10/20/22, 11:10:13 AM] Yosi Engineer Medcare: Hi bradly all documents were sent long time ago

[10/20/22, 11:11:11 AM] Yosi Engineer Medcare: Can you please tell witch document you need and once we in the office will prepare

[10/20/22, 11:37:25 AM] Bradley: We need all documentation on the "protection" gloves

[10/20/22, 11:37:49 AM] Bradley: We have never received any documents specific to those gloves

[10/20/22, 11:38:29 AM] Bradley: All documents received are for the NBR examination gloves

[10/21/22, 4:17:54 PM] Bradley: Still no email regarding the documents for "Protection Gloves"

[10/21/22, 4:19:36 PM] Bradley: Is there a specific reason you are not sending this? By doing this, the opportunity is basically lost for us to try and move these gloves.

I've asked for this multiple times, not grasping the disrespect of my time?

[10/21/22, 4:23:09 PM] Yosi Engineer Medcare: Hi Bradly we are not in the office. we on a business trip we will be back tomorrow night to dongguan and will send it latest by Monday. as far as I know all document were sent to you already for all the glove you buy from Medcare clients.

[10/21/22, 4:23:32 PM] TK: Thank you

[10/21/22, 4:23:51 PM] Yosi Engineer Medcare: Appreciate the wait

[10/24/22, 2:29:24 PM] Bradley: Still waiting on "protection nitrile gloves" documents. beyond a reasonable amount of time has passed. The buyer we had walked away.

[10/24/22, 2:36:03 PM] Bradley: We have close to 100,000,000 "Protection Gloves" in our possession and we can't get a document from you about the quality and glove

formula, thickness, testing, etc?

Rock Fintek is the single largest purchaser of the MedCare Gloves and this is the response time? We had a potential way to move these gloves from our warehouses and were asked for simple documentation on the "Protection Gloves". My time is valuable, as I'm certain yours is too. Please send the documents.
